THE DAILY PROGRESS.

VOL. V. RALEIGH, BUILDER, MAY 18, 1864. NO. 196.

A telegram from Washington dated May 18 says:

The reports from the army of the Potomac continue to inspire additional confidence in our ultimate success. Our means of supply and reinforcements are abundant, and troops are constantly being sent to the front.

Information was received here to-night that this morning our army moved out with the usual enthusiasm to attack Lee. They were disappointed in not finding the rebels in force where they expected. Our troops, however, pressed on the enemy's rear. It was not known whether they had merely fallen back to a stronger position, or were in retreat.

EGYPTIAN CORN.

THE SUBSCRIBER OFFERS TO FARMERS throughout the country the EGYPTIAN CORN, which, upon trial, was found to ripen planted even the first of August. It is estimated, from its very prolific qualities, to yield 200 bushels per acre, and weighs, by sealed measures, sixty-five pounds to the bushel. This corn was produced from some procured direct from Mr. Jones, our Colonial Agent, directly on his return from Egypt.

It needs no different culture from that of other varieties, and in the South two crops can be raised in one season on the same ground. It grows in the form of a tree and twenty-two ears have grown upon one stalk, and will average from five to fifteen. For domestic use, it is unparalleled. When ground and properly boiled, it is equal in color and flavor to wheat flour. As a forage crop, by sowing in drills or broadcast, for early feed, there is no kind of corn so well adapted to milch cows, and none that will yield half the value in stalk or corn.

It can be successfully grown in any State.

I can give the most satisfactory references that the corn is in every respect what I represent it to be; and further, I am the only person throughout the country who has this variety of Corn. Having secured a quantity, I am now able to fill all orders for those desirous of testing it.

To any person who will inclose, in a letter, five dollars in stamps or currency, directed to me, I will send, postage paid, sufficient corn to produce enough to plant, the following year, from twenty to thirty acres. Also, directions for planting and cultivation.

Any person who will get up a club of five will receive a package gratis.

Give your full name, postoffice, county and State, write plain, so that no errors may occur.

Address FRANK E. G. LINDSEY,
Raven's Nest Postoffice,
Washington County, Virginia.

The Abingdon Virginian says: A lady who raised some of it (Egyptian Corn) last year, sends us a certificate stating that she saw some that had not been ploughed—it was sown broadcast—that produced twelve ears to the stalk. This corn will ripen as well if not planted until the first of July, as if not planted earlier.

TO THE LADIES.

The first lady in each State sending us a club for five packages of corn, will receive by express immediately a copy of Webster's large Dictionary or a silk Summer shawl of the same value. Likewise, the first lady sending us $10 in Virginia Bank funds for five packages of corn, will receive the same presents. Send cash orders to

FRENCH BROAD LANDS FOR SALE.

THE FARM LIES ON THE FRENCH BROAD River, within five miles of Marshall, the county town, and is conveniently known as the best tract of land, and the most productive property in the county, and probably in Western North Carolina. Accessibility of markets, beauty of scenery, healthiness and fertility of soil, it is unsurpassed by any property in the States. It contains of 1,570 acres of land, 600 of which are first quality French Broad bottoms, 400 of which, with the exception of 20 or 30 acres, are cleared and under a high state of cultivation, thoroughly drained and excellent fences, most of which are new both standing on locust posts. 2,000 bushels of corn were gathered from 25 acres of this land with ordinary cultivation and without any fertilizer ever having been applied to it. Ninety acres are laid down in the most approved mode, to the grasses and afford heavy crops of hay and excellent pasturage. The balance of the tract, say 970 acres, is the heaviest and best timbered mountain land.

The whole tract is under one boundary and may be subdivided advantageously, there being four very eligible and beautiful building sites, with bottom land attached.

On the premises is a good cottage residence, of five rooms, each with a fire place, kitchen, servant houses, log house, storerooms, dairy, smokehouse, framed corn crib, granaries, 2,000 bushels ear corn, one double and five single negro houses, two tenant settlements, an excellent saw and grist mill, built within thirteen years by the proprietor. The saw mill is driven by an overshot wheel of 22 feet in diameter, and is located at one of the most beautiful water falls of about 100 feet in height and equal to 150 horse power, and only fifteen minutes walk from the residence.

This property for the present is under rent to Gen. Smith, of East Tennessee, who will give any information desired during the absence of the proprietor.

The price for these lands is ($150,000) one hundred and sixty thousand dollars. Payment may be made in Confederate stock at the market value at Columbia, S. C., at time of sale.

With the above property can be purchased twelve remarkably prime and strong negroes, being a picked gang accustomed to the cultivation of the farm in the most careful and cleanly style. Among them are four men, three women and five children. The men are excellent ploughmen, mowers, cradlers, &c., one is a good carpenter. Of the women, one is an excellent cook and spinner. The children are from 1 to 6 years of age. Also the farm tools, consisting in part of plows, harrows, horse rake, field roller, corn planters, sorghum mill, molasses boilers, corn sheller, straw cutters, timber carts, &c., &c. Also the stock of highly improved cattle.

Address MOSES JOHNSTONE,
Care of ANDREW JOHNSTONE,
Flat Rock, N. C.

N. B.—I think I can take the liberty with Judge R. M. Saunders and the Right Rev. Bishop Atkinson, of offering them as references in regard to the value, &c., of my farm.

My cattle consists of 15 head, and my sheep of about 80 head.

I have a considerable lot of lumber and 30,000 shingles on hand.

I will take $200,000 for the land, negroes stock, farm tools, lumber, &c., &c., or will sell separately.
